RESOLUTION OF THE COLLEGIATE DIRECTORATE – RDC Nº 213, OF JANUARY 23, 2018

(Published in DOU nº 17, on January 24, 2018)

Sets the terms for display for sale and commercialization of smoking products derived from tobacco.

The Collegiate Directorate of the National Agency for Health Oversight (ANVISA - Agência Nacional de Vigilância Sanitária), in the exercise of the attributes conferred upon it by Art. 15, III and IV, in conjunction with Art. 7, III, and IV, of Law nº 9.782, of January 26, 1999, Art. 53, V, §§ 1 and 3 of the Internal Regimen approved pursuant to the terms of Annex I of Resolution of the Collegiate Directorate - RDC nº 61, of February 3, 2016, resolves to adopt the following Resolution of the Collegiate Directorate, as decided at a meeting held on January 16, 2018, and I, the Chief Executive Officer, order its publication.

CHAPTER I
INITIAL PROVISIONS

Art. 1 The requirements for the display for sale of smoking products derived from tobacco that are sold in this country, and other provisions relating to the commercialization of such products are hereby established.

Art. 2 Display racks or cases for these products at points of sale must contain all health warnings concerning the risks resulting from the use of tobacco, as established by Law nº 9.294/96 and by Decree nº 2.018, of 1996, and their amendments, and specified in this Resolution.

Art. 3 This Resolution applies to all smoking products derived from tobacco commercialized in the national territory, domestically produced or imported, and the display of such products in display racks or cases at points of sale.

Art. 4 For the purposes of this Resolution, the following definitions shall apply:

I - Health warning: a graphic composition containing a written health warning, as per the template in Annex II of this Resolution;

II – Standard health warning: a graphic composition containing a written health warning, accompanied by an image, as per the template in Annex I of this Resolution;

III - Package: wrapping, receptacle or any kind of packaging intended to contain smoking products derived from tobacco, and classified as follows:

a) Primary package: a covering that packages the smoking product derived from tobacco, intended for the end consumer; and
b) Secondary package: the outer covering of the product, which covers more than one primary package, whether or not it is intended for the end consumer.

IV – To display: the act of presenting something to be seen, to show or display smoking products derived from tobacco for sale in display racks or cases, exclusively at points of sale;

V- Display rack or case: a place intended exclusively for the display and placement of smoking products derived from tobacco intended exclusively for direct sale to the consumer;

VI - Point of sale: an area or fixed space, physically demarcated, located inside a commercial establishment and intended for the display and sale of smoking products derived from tobacco;

VII - Smoking product: a manufactured product, whether or not it is derived from tobacco, that contains leaves or leaf extracts or other parts of plants in its composition;

VIII – Smoking product derived from tobacco: any manufactured smoking product that contains tobacco in its composition; and

IX – Advertising for smoking products derived from tobacco: the display and any kind of announcement, whether via electronic means, including the internet, in print, or any other kind of communication to the public, whether or not it is addressed to consumers of products, for the purpose of promoting, propagating, disseminating, persuading people to smoke, selling or encouraging the use of smoking products derived from tobacco, either directly or indirectly.

CHAPTER II
DISPLAY OF PRODUCTS FOR SALE

Art. 5 Advertising for any smoking product derived from tobacco is prohibited anywhere in the national territory, with the sole exception of displays of products at points of sale, through the arrangement of their packages in display racks or cases, fixed in the interior part of the point of sale, as long as it is accompanied by health warnings, the message of prohibition of sale to minors under the age of eighteen, and the respective price lists, as set forth in this Resolution.

§1 The following things are also considered advertising media and are subject to the prohibition set forth in the heading of this article:

I - Catalogues of products derived from tobacco, whether in printed or digital form, except for those intended exclusively for merchants for purposes of doing business with manufacturers or importers, which must contain only the product type, the package type and the brand name, as registered with ANVISA, as well as the respective prices;
II Any kind of communication or use of the brand name or element that identifies
the brand of the product derived from tobacco, such as a logo, a symbol, a slogan or
character, on any product, with the exception of the product itself that is already
registered with ANVISA;

III- Any kind of communication, recommendation or commercial action with the
purpose, effect or likely effect of promoting, directly or indirectly, a tobacco product or
its consumption;

IV- Sponsorship of cultural or athletic activities;

V – Conducting a market survey of the public through any kind of promotional
approach.

§2 Display racks or cases must contain only the products displayed for sale and
the respective health warnings, message of prohibition of sale to minors under the age of
eighteen and price lists.

§3 Price lists must contain only the brand names of the products, the names of the
manufacturing and importing companies, and the respective prices.

§4 The use of posters, panels, bills or any device or visual, graphic, sound,
sensory or movement or lighting device, either inside the display rack or case, or placed
outside, that highlights products or a specific brand, is included in the prohibitions
contained in this article.

§5 The prohibition contained in the foregoing paragraph concerning lighting does
not apply to the establishment’s own lighting, as long as it does not seek to emphasize
display racks or cases.

§6 It is prohibited to impede or partially or totally cover visibility of health
warnings and the message of prohibition of sale to minors under the age of eighteen in
display racks or cases.

Art. 6 The graphic composition consisting of the standard health warning, the
health warning and the message of prohibition of sale to minors under the age of
eighteen, as per the templates available at ANVISA’s web portal, shall occupy at least
20% (twenty percent) of the area of each one of the surfaces visible to the public of the
display racks or cases at the point of sale, as follows:

I The standard health warning, as per the template in Annex I of this Resolution,
printed legibly and prominently, which must occupy, 70% (seventy percent) of the area
of the graphic composition;

II The health warning, as per the template in Annex II of this Resolution, printed
legibly and prominently, which must contain 3 (three) elements: the general warning
sign, the statement "Danger: Toxic Product" in red letters (PANTONE 485C or the
corresponding CMYK value), in bold, capital letters in the Arial font, and the statement
on the harmful effects caused by tobacco in bold, white letters, Arial font, all printed on
a black background (PANTONE Process Black C

This text does not replace the one(s) published in the *Diário Oficial da União*.
or the corresponding CMYK value), which must occupy 25% (twenty-five percent) of
the surface area of the graphic composition; and

III The message of prohibition of sale to minors under the age of eighteen - "Sale
prohibited to anyone under the age of 18," as per the template in Annex III of this
Resolution, printed legibly and prominently, in white, bold letters, Arial font, on a red
background (PANTONE 485C or the corresponding CMYK value), which must occupy
5% (five percent) of the surface area of the graphic composition.

Sole paragraph. The graphic composition of the warnings described in the heading
of this article must be presented in one single piece in the central part of the surface area
of each one of the surfaces visible to the public of the display racks or cases, as per the
template in Annex IV of this Resolution, without altering the proportional relation
among its elements, or that of its graphic parameters.

Art 7 Smoking products derived from tobacco must be displayed as far as possible
from candy, chewing gum, sweets, chocolates, ice cream and popsicles and toys, in
order not to facilitate their visibility by children and adolescents.

CHAPTER III
COMMERCIALIZATION OF PRODUCTS

Art 8 With regard to the commercialization of smoking products derived from
tobacco, the following things are prohibited:

I- Making the sale of other products, whether in a single package or not, or of
services of any kind, contingent upon the purchase of smoking products
derived from tobacco;

II- Commercializing smoking products derived from tobacco over the internet
anywhere in the national territory;

III- The importation, exportation, commercialization, transport, delivery or any
other action, by a natural or juridical person, of smoking products derived from tobacco
through the means of express and postal delivery;

IV- Distribution of free samples of smoking products derived from tobacco;

V- Distribution of complimentary gifts relating to smoking products derived from
tobacco. Sole paragraph. In relation to sub-paragraph III, exportation by express
delivery conducted by an industrial establishment that has a special registration with the
Bureau of Federal Revenue of Brazil (Secretaria de Receita Federal do Brasil), is
excepted from the prohibition established in the heading.

CHAPTER IV
FINAL AND TRANSITORY PROVISIONS

Art 9 The provisions set forth in this law are in compliance with what is set forth
in the Framework Convention on Tobacco Control of the World Health Organization,
adopted by the member countries of the World Health Organization on May 21, 2003,
and signed by Brazil on June 16, 2003, promulgated by Decree nº 5.658, of January 2,
This text does not replace the one(s) published in the Diário Oficial da União.

Ministry of Health - MS
National Agency of Health Oversight - ANVISA

2006, and observe the Guidelines for its implementation, approved at the Conference of the Parties.

Art. 10 Use is permitted of display racks or cases in compliance with the specifications contained in this Resolution, even before its entry into force.

Art. 11 Exclusively for compliance with what is set forth in Resolution of the Collegiate Directorate - RDC nº 195, of 2017, adjustments made in packaging must be previously submitted to ANVISA, up until the date of entry into force of the cited law, and they are susceptible to immediate implementation, without a prior statement by ANVISA.

§1 To comply with what is set forth in the heading of this article, the submission of adjustments in packaging already approved by ANVISA must be done through a petition for an Amendment, and must be accompanied by all the documentation required for the matter.

§2 The immediate implementation of alterations in packaging, as cited in the heading, does not at any preclude analysis by ANVISA, at any time, of the required documentation.

§3 The authenticity and veracity of the information supplied to ANVISA are the responsibility of the holder of the registration.

Art 12 Failure to comply with this Resolution constitutes a health violation, subjecting offenders to the penalties of Law nº 9.294, of July 2, 1996, and Law nº 6.437, of August 20, 1977, and other applicable sanctions, without impairment to such civil, administrative and criminal liability as may be apply.

Art 13 This Resolution shall enter into force on May 25, 2018.

§1 The placement of the graphic composition of warnings in the central part of the display racks or cases, as established in the sole paragraph of Art. 6, shall enter into force on May 25, 2019.

§2 Art. 7 shall enter into force on May 25, 2020.

§3 Any display racks or cases that are not in compliance with this Resolution after the time periods established in this article, must be removed from points of sale and retrieved by the responsible company.
