

APOTEMA

PERÍMETRO

$$\text{PRINCIPAL DISPLAY SURFACE} = (\text{PERIMETER}) (\text{APOTHEGM}) / 2$$

B.6) For irregular surfaces, consider the calculation of the geometric figure's surface which best corresponds to said surface:

$$\text{PRINCIPAL DISPLAY SURFACE} = (\text{BASE}) (\text{HEIGHT}) / 2$$

C) LEGENDS APPLICABLE TO TOBACCO PRODUCTS THAT CREATE NO SMOKE WHEN BEING USED OR CONSUMED.

-) "This product contains **NICOTINE**. Nicotine causes addiction that will cause you various diseases, pain and death."
-) "This product contains **NICOTINE**. Nicotine is a highly psycho-addictive substance."
-) "This product contains **AMMONIA**. Toxic substance that facilitates the absorption of nicotine, sustaining addiction."
-) "This product contains **LEAD**. Toxic metal for the brain."

The above legends must be printed in Arial font lettering, in upper and lower case, at least 6 millimeters high, featured and emphasized on a black background.
